Philosophical Foundations

At his core, Santisteban's teachings revolve around the idea that truth is not an external, absolute entity to be discovered outside oneself, but rather an internal realization. He posits that the journey toward understanding "the only truth" is a personal one, rooted in introspection and experiential knowledge rather than dogma or external authority.

The Central Concept: The Only Truth

What Does "The Only Truth" Mean?

The phrase "the only truth" encapsulates the idea that amidst the myriad of beliefs, perceptions, and narratives that populate human consciousness, there exists a singular, ultimate reality.
