The Origins of Mexican Presidency

Before delving into the complete list, it's essential to understand the origins of the presidential office in Mexico. Following Mexico's declaration of independence from Spain in 1810, the nascent nation experienced a series of leadership changes, coups, and constitutional reforms. The presidency, as an executive role, was formally established with the adoption of the 1824 Constitution, which created the Federal Republic of Mexico and designated the president as the head of state and government.

Over the years, the office has been characterized by periods of stability and upheaval, reflecting the nation's broader struggles with democracy, modernization, and social justice. The following sections chronologically detail each president, highlighting their key policies, historical significance, and the contexts within which they governed.

State (1824–1876)

The First Presidents: Establishing the Foundation

inequality. His presidency ended with the Mexican Revolution, which sought to address social injustices and political corruption.

Francisco I. Madero (1911–1913)

A key revolutionary leader, Madero's presidency was brief but revolutionary in spirit. He aimed to establish democracy but was overthrown and assassinated during the tumult of the Mexican Revolution.

The Revolutionary Era and Its Leaders (1917–1946)

Venustiano Carranza (1917–1920)

As a leader of the Mexican Revolution, Carranza promulgated the 1917 Constitution, which remains the foundation of Mexican law today. His presidency was pivotal in consolidating revolutionary gains.
